

Topic	Item	Checklist item description	Reported on Line
Title	1	The diagnosis or intervention of primary focus followed by the words "case report"	Line 1 to 2 on page 1
Key Words	2	2 to 5 key words that identify diagnoses or interventions in this case report, including "case report"	Line 34 on page 2
Abstract (no references)	3a	Introduction: What is unique about this case and what does it add to the scientific literature?	Line 19 to 20 on page 1
	3b	Main symptoms and/or important clinical findings	Line 20 to 21 on page 1
	3c	The main diagnoses, therapeutic interventions, and outcomes.	Line 21 to 23 on page 1, Line 24 to 27 on page 2
	3d	Conclusion—What is the main "take-away" lesson(s) from this case?	Line 30 to 33 on page 2
Introduction	4	One or two paragraphs summarizing why this case is unique (may include references)	Line 35 to 38 on page 2
Patient Information	5a	De-identified patient specific information	Line 22 to 43 on page 2
	5b	Primary concerns and symptoms of the patient	Line 45 to 46 on page 2
	5c	Medical, family, and psycho-social history including relevant genetic information.	Line 45 to 46 on page 2
	5d	Relevant past interventions with outcomes. The patient has no previous symptoms and has not been taken relevant measures	
Clinical Findings	6	Describe significant physical examination (PE) and important clinical findings	Line 45 to 46 on page 2
Timeline	7	Historical and current information from this episode of care organized as a timeline.	Line 45 to 46 on page 2, Line 79 to 81 on page 5
Diagnostic Assessment	8a	Diagnostic testing (such as PE, laboratory testing, imaging, surveys).	Line 47 to 50 on page 2, Line 51 to 59 on page 3
	8b	Diagnostic challenges (such as access to testing, financial, or cultural).	Line 73 to 78 on page 4
	8c	Diagnosis (including other diagnoses considered).	Line 27 to 28 on page 2, Line 105 to 107 on page 6
	8d	Prognosis (such as staging in oncology) where applicable. Tumor stage is unclear, patients continue to be followed up	
Therapeutic Intervention	9a	Types of therapeutic intervention (such as pharmacologic, surgical, preventive, self-care).	Line 62 to 64 on page 3, Line 79 to 81 on page 5
	9b	Administration of therapeutic intervention (such as dosage, strength, duration)	Line 79 to 81 on page 5
Follow-up and Outcomes	9c	Changes in therapeutic intervention (with rationale)	Line 79 to 81 on page 5
	10a	Clinician and patient-assessed outcomes (if available) .Prior to reporting, patients were still being followed up	
	10b	Important follow-up diagnostic and other test results	Line 79 to 81 on page 5
	10c	Intervention adherence and tolerability (How was this assessed?)	Line 79 to 81 on page 5
	10d	Adverse and unanticipated events. Not found yet	
	Discussion	11a	A scientific discussion of the strengths AND limitations associated with this case report
11b		Discussion of the relevant medical literature with references	Line 189 to 284 on page 11 to 17
11c		The scientific rationale for any conclusions (including assessment of possible causes)	Yes Line 127 to 172 on

- 11d** The primary “take-away” lessons of this case report (without references) in a one paragraph conclusion .Line 173 to 176 on page 11
- Patient Perspective** **12** The patient should share their perspective in one to two paragraphs on the treatment(s) they received .Patients did not share their views_
- Informed Consent** **13** Did the patient give informed consent? Please provide if requested **Yes** **No**
