

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/tcr-20-1675	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The distribution of druggable driver gene alterations in LCC in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, driver gene mutation analysis method, and clinical data collection plan will also be shared if requested.
5	When will data availability begin?	From the day of publication.
6	When will data availability end?	Until the date of LCC be redefined once again.
7	To whom will you share the data?	Medical oncologists and researchers who are interested in studies of lung cancer.
8	For what type of analysis or purpose?	For new drug discovery or personalized cancer treatment decisions in the future
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: awen.he@yahoo.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
